

March 14 -18

March Break '22

Monday, March 14 When We Are Kind

Welcome to camp! For our first day, we are using Monique Gray Smith's book, *When We Are Kind*, to brainstorm ways we can perform acts of kindness throughout the week.

Campers will work together to think about ways they can show acts of kindness in their community.

Tuesday, March 15 Sensory Wake Up Walk

Today, we are waking up our senses to better explore and observe the environment around us.

We will get to know our outdoor space in a different way using our five senses, including our "Deer Ears" learning how sound is captured in larger spaces.

Wednesday, March 16 Miniature Parks

Today, campers will create miniature versions of our outdoor space the size of their thumbs to visit!

Campers will collect materials from our outdoor space and pretend they are architects for the day as they build mini models of the playground.

Thursday, March 17 Frozen Art & Science

The cold weather never bothered us! Today, we are embracing this chilly season through science and art.

Campers will grow their own snowflakes, paint and explore all things frozen.

Friday, March 18 Habitat Hunting

Today, campers will be detectives in their outdoor space looking for what plants and animals that live there. They will explore ideas of where it lives, what is around it and where does it get food and water.

Back inside, campers will make a colour representation of the species and habitat they discovered. We will put them all together to create our own *Habitat Biodiversity Mural*.
