Today's Family 
Early Learning and Child Care

Arrival and Departure

Your child must be accompanied to and from his / her program. In the interest of safety, we cannot allow your child to leave with someone we do not know. It is the parent or guardian's responsibility to provide in writing a statement either on the enrolment form or a "take home authorization" form regarding who is authorized to pick up your child. Make sure that we are advised of any changes, or alternative pick-up arrangements. The authorized person picking up your child will be asked for identification prior to releasing your child.

Admission Policy

Prior to admission, an application form must be completed and submitted. Before starting the program, there will be an opportunity to:

- tour the program or premises
- meet staff or provider
- review all enrolment papers

Space will not be confirmed until the program has met with the family and child.

Wait List Policy

Today's Family does not charge or collect a fee or request a deposit for the placement of a child on a wait list for admission to either our child care centre or home child care programs.

Children on a wait list are offered admission on a first-come, first-served basis. (The earlier the application is received, the higher on the list you will be). That said, whenever possible, priority will be given to siblings of children already enrolled in the program. Available spaces are based on license capacities for each of the

programs operated by Today's Family. The wait list is specific to the program location. Parents will also be contacted by the program supervisor or placement consultant as spaces become available within a program.

Sorry, Today's Family cannot guarantee placement for every child on the wait list.

Withdrawal / Discharge Policy

Today's Family requests two weeks written notice for any child who is withdrawing from the program. If notice is not received, full program fees will be charged.

A permanent space cannot be guaranteed to any child that withdraws from the program for a temporary period. Children who are withdrawn from the program will be placed on the waiting list.

Today's Family may terminate services if policies are not followed.

Should the services of Today's Family not meet the needs of the child or family, we will provide assistance to finding an alternative solution.

Community Outings

Community outings are encouraged as part of the program philosophy. When exploration extends beyond simple walks around our immediate neighbourhood, parents and families will be notified in advance of the destination, time and date and will be asked to sign a permission form. Volunteers are welcome to participate on our community outings.

Today's Family actively encourages volunteerism in our programs.

How you can become involved:

Programs located on school board properties will follow school board direction regarding closures. Please contact your child's program directly or tune into your local radio or television station for closure information.

- Severe coughing
- Difficulty breathing
- Yellowish skin or eyes
- Pink eye
- Unusual spots or rashes
- Diarrhea
- Vomiting

If your child develops symptoms of illness while in the program, the parent or guardian will be notified and asked to pick up your child. If your child requires medication while in care, it will be dispensed in accordance with the guidelines of the Child Care and Early Years Act, which are:

- The medication is prescribed by a physician
- The child's name is on the prescription label
- The dosages and times to be administered are on the prescription label
- The prescription is current
- You have filled out a "Medical Authorization" form

Nutrition

Today's Family provides meals and snacks in accordance with the *Canada Food Guide*. Menus are posted and copies are also available to parents and families. Please be sure to alert us of any allergies or food restrictions. If possible, we will try to provide an alternative.

For children with special dietary needs who are bringing food into our programs, parents may be required to share the ingredients.

Children enrolled in school-aged, full-day programs may be required to bring a nutritious nut-free, bagged lunch. Should a child forget their lunch Today's Family will provide a nutritious alternative. We ask that families label their child's lunch with their name.

Families will be made aware of the allergens in each site, and are required to pack a lunch that avoids such allergens where appropriate. Today's Family will share and post information regarding life-threatening and anaphylactic allergies.

All staff, providers, volunteers, students and parents will be notified of any life-threatening and anaphylactic allergies in the program location.

Rest Period

It is a requirement that all children attending Licensed Child Care have a rest period every day. Children are welcome to bring a sleep toy and/or blanket for the rest period. Today's Family sleep policy will be reviewed with families at the time of enrolment.

car seat, stroller, or other device for the purposes of discipline or in lieu of supervision, unless the physical restraint is for the purpose of preventing a child from hurting themselves or someone else, and is used only as a last resort and only until the risk of injury is no longer imminent;

- Locking the exits of a child care centre or home child care premises for the purposes of confining the child, or confining the child in an area or room without adult supervision, unless such confinement occurs during an emergency and is required as part of emergency management policies and procedures;

Today's Family Guiding Principles

Caring

Caring is the essence of who we are. We care for the children who take part in our program, for their families, for our staff, for our community and for our environment. This is reflected throughout our organization.

Innovation

We are creative; we embrace change and we do things differently. In order to provide appropriate, convenient services to our families, it is essential that our agency grows over time to reflect the changing needs of the communities we serve.

Collaboration

Together, with other organizations in our city and our province, we can help to make change and chart new directions for all children.

Accountability

Our primary responsibility is to serve children and families. It is our job to make sure they are nurtured and respected.

Program Statement

Today's Family is a not-for-profit early learning and child care organization that is inclusive and advocates for all children and families. Programs in our Early Learning and Child Care Centres and in our Provider homes are based on the Emergent Curriculum philosophy. This approach is recognized internationally as the leading-edge approach for early learning programs. The approach is based on the view of the child as curious, competent and capable of constructing their own knowledge. The children are eager to learn and their inquisitive nature sets the stage for research, problem-solving and creativity as they engage in play-based learning experiences.

Today's Family has adopted *How Does Learning Happen? Ontario's Pedagogy for the Early Years* (2014) as the resource document to guide the approach and curriculum. Learning and development happens within the context of relationships among children, families, educators and their environments and when there is a shared understanding that all children, educators and families are competent, capable, curious and rich in potential. *How Does Learning Happen?* is based on four foundations that are necessary for optimal healthy child development. These four foundations are Well-Being, Engagement, Expression, and Belonging.

The Program Statement is a living document that will evolve and change. It is reviewed by all Educators, Providers, students and volunteers prior to work and placement with the children, and annually thereafter after it is revised.

Today's Family Program Goals and Approaches:

a) Goal: promote the health, safety, nutrition and well-being of children.

Approaches:

Safety and Well-Being

- Educators and Providers provide clear expectations/rules for safety, both indoors and outdoors, for all children.
- Educators and Providers teach and role-model for children how to use new materials, i.e. wire and clay.

Health and Well-Being

- Educators and Providers are responsive and respectful of all children's needs.
- Educators and Providers create safe and stimulating indoor and outdoor spaces for intentional active play and exploration that support the needs of the group.

Nutrition and Well-Being

- Children are served nutritious meals and snacks that meet all of the guidelines of Canada's Food Guide.
- Educators and Providers encourage children to try new foods.

b) We support positive and responsive interactions among children, parents, childcare providers and educators and achieve foundations of belonging and well-being.
